

**2018 Canola Discovery Forum  
Banff Centre for Arts & Creativity  
Banff, Alberta  
Monday October 22 – Tuesday October 23**

**Monday October 22**

12:00 – 1:00 Registration

1:00 – 1:15 Welcome: goals of CDF 2018

*Jim Everson (President, Canola Council of Canada)*

*Curtis Rempel (Vice President, Crop Production & Innovation, Canola Council of Canada)*

1:15 – 3:00 Canola Council of Canada agronomy messaging for 2018/2019

*Panel: Keith Gabert (Canola Council of Canada), Ian Epp (Canola Council of Canada), Justine Cornelsen (Canola Council of Canada)*

3:00 – 3:15 Break

3:15 – 5:00 Innovation in agronomy tools in a changing regulatory landscape

*Panel: Sarah Mukherjee (Crop Protection Association), Christy Morrissey (University of Saskatchewan), Peter Brander (Pest Management Regulatory Agency), Chris Anderson (Bayer Canada)*

**Tuesday October 23 – Stand Establishment Workshop**

7:00 – 7:50 Breakfast and registration

Note: breakfast is served in the Vistas Dining Room, a short walk from the main conference sessions in the Kinnear Centre

8:00 – 8:10 Introduction

*Autumn Barnes (Canola Council of Canada)*

8:10 – 8:50 Herbicide stewardship and managing low plant densities

*Rob Gulden (University of Manitoba)*

8:50 – 9:20 Reducing toxicity of seed-placed phosphorus in canola

*Patrick Mooleki (Agriculture & Agri-Food Canada)*

9:20 - 9:50 Early season insects and canola stand establishment

*Ted Labun (Syngenta)*

9:50 - 10:10 Break

10:10 – 11:35 Seeding technology panel

*Curtis de Gooijer (Bourgault), Kris Cherewyk (Vaderstad), Yancy Wright (John Deere)*

11:35 – 11:50 InVigor RATE: target plant population for InVigor Canola

*Jared Veness (BASF)*

11:50 – 1:00 Lunch

Note: lunch is served in the Vistas Dining Room, a short walk from the main conference sessions in the Kinnear Centre

1:00 – 2:00 Elevator pitches and feedback panel: tools that will improve canola establishment

*Moderator: Autumn Barnes (Canola Council of Canada)*

*Pitches: Early season scouting (Brent Nicol, xarvio-BASF), RNAi (Suresh Desai, GreenLight Biosciences), High-speed planter (Tyler Billay, Horsch LLC), Conservation tillage (Gregory Sekulic, Canola Council of Canada)*

*Feedback Panel: Curtis Rempel (Canola Council of Canada), Murray Hartman (Alberta Agriculture & Forestry), Leeann Minogue (FBC Publishing)*

2:00 – 2:40 Challenges and solutions from other small-seeded crops

*Kevin Walsh (Seminis Vegetable Seeds)*

2:40 - 3:00 Break

3:00 – 3:30 What role do varietal differences play in secondary dormancy

*Sabine Gruber (University of Hohenheim)*

3:30 - 4:00 The value of wild spaces in canola production

*Paul Galpern (University of Calgary)*

4:00 – 4:30 What we have learned about canola stand establishment

*Curtis Rempel (Canola Council of Canada), Murray Hartman (Alberta Agriculture & Forestry)*
